Novation Agreement
NOVATION AGREEMENT

Lockheed Martin Corporation (LMC), a corporation duly organized and existing under the laws of Maryland with its principal office at 6801 Rockledge Drive, Bethesda, Maryland 20817, on behalf of itself and its subsidiaries Lockheed Martin Integrated Systems, LLC (LMIS) and Lockheed Martin Services, LLC (LMSL) (collectively, the Transferor); Leidos Innovations Corporation (Transferee), formerly known as Abacus Innovations Corporation, a corporation duly organized and existing under the laws of Delaware with its principal office at 700 N. Frederick Avenue, Gaithersburg, MD 20879; and the United States of America (Government) enter into this Agreement as of August 16, 2016.

(a) The parties agree to the following facts:

(1) The Government, represented by various Contracting Officers, has entered into certain contracts with the Transferor, as shown in the attached list marked “Exhibit A” and incorporated in this Agreement by reference. The term “the Contracts,” as used in this Agreement, means the above contracts and purchase orders, and any task orders or delivery orders associated with the contracts identified in Exhibit A (whether or not those orders are listed), including all modifications, made between the Government and the Transferor before the effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the Government or the Transferor has any remaining rights, duties, or obligations under these contracts and orders). Included in the term “the Contracts” are also all modifications made under the terms and conditions of such Contracts and associated orders between the Government and the Transferee, on or after the effective date of this Agreement.

(2) As of August 16, 2016, the Transferor has transferred to the Transferee all the assets of the Transferor necessary to perform the Contracts and orders identified above by virtue of a reverse Morris trust transaction between the Transferor and the Transferee, executed on August 16, 2016, as follows:

(i) Certain assets necessary to perform those Contracts held by LMIS designated in Column L of Exhibit A were transferred to LMSL by the execution of a Distribution Agreement between LMIS and LMSL;

(ii) The assets referenced in (i) above, and certain assets necessary to perform Contracts held directly by LMSL (as so designated in Column L of Exhibit A), were transferred to LMC by the execution of a Distribution Agreement between LMSL and LMC;

(iii) Assets referenced in (ii) above, and certain assets necessary to perform certain Contracts previously held directly by LMC (as so designated in Column L of Exhibit A), were transferred by LMC to Abacus Innovations Corporation by the execution of a Contribution and Assumption Agreement between LMC and Abacus Innovations Corporation; and
(iv) Abacus Innovations Corporation was separated from LMC and merged with a Leidos subsidiary, Lion Merger Co., with Abacus Innovations Corporation surviving the merger.

(3) All of transactions described in subparagraphs (2)(i) – (iv) above were completed virtually simultaneously on August 16, 2016, resulting in transfer of the relevant assets from the Transferor to the Transferee, with no intervening legal entity actually performing the Contracts prior to the transfer.

(4) The Transferee has acquired all the assets necessary to perform the Contracts by virtue of the above transfer.

(5) The Transferee has assumed all obligations and liabilities of the Transferor under the Contracts by virtue of the above transfer.

(6) The Transferee is in a position to fully perform all obligations that may exist under the Contracts.

(7) It is consistent with the Government’s interest to recognize the Transferee as the successor party to the Contracts.

(8) Evidence of the above transfer has been filed with the Government.

(9) A certificate dated August 16, 2016, signed by the Secretary of State of Delaware, to the effect that the corporate name of Abacus Innovations Corporation was changed to Leidos Innovations Corporation on August 16, 2016, has been filed with the Government.

(b) In consideration of these facts, the parties agree that by this Agreement—

(1) The Transferor confirms the transfer to the Transferee, and waives any claims and rights against the Government that it now has or may have in the future in connection with the Contracts.

(2) The Transferee agrees to be bound by and to perform each Contract in accordance with the conditions contained in the Contracts. The Transferee also assumes all obligations and liabilities of, and all claims against, the Transferor under the Contracts as if the Transferee were the original party to the Contracts.

(3) The Transferee ratifies all previous actions taken by the Transferor with respect to the Contracts, with the same force and effect as if the action had been taken by the Transferee.

(4) The Government recognizes the Transferee as the Transferor’s successor in interest in and to the Contracts. The Transferee by this Agreement becomes entitled to all rights, titles, and interests of the Transferor in and to the Contracts as if the Transferee were the
original party to the Contracts. Following the effective date of this Agreement, the term “Contractor,” as used in the Contracts, shall refer to the Transferee.

(5) Except as expressly provided in this Agreement, nothing in it shall be construed as a waiver of any rights of the Government against the Transferor.

(6) All payments and reimbursements previously made by the Government to the Transferor, and all other previous actions taken by the Government under the Contracts, shall be considered to have discharged those parts of the Government’s obligations under the Contracts. All payments and reimbursements made by the Government after the date of this Agreement in the name of or to the Transferor shall have the same force and effect as if made to the Transferee, and shall constitute a complete discharge of the Government’s obligations under the Contracts, to the extent of the amounts paid or reimbursed.

(7) (i) Except as set forth in subparagraph (7)(ii) below, the Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes, or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or Agreement would have been obligated to pay or reimburse under the terms of the Contracts.

(ii) The Government recognizes that restructuring by the Transferee incidental to the acquisition/merger may be in the best interests of the Government. Restructuring costs that are allowable under Part 31 of the Federal Acquisition Regulation (FAR) or Part 231 of the Defense Federal Acquisition Regulation Supplement (DFARS) may be reimbursed under flexibly-priced novated contracts, provided the Transferee demonstrates that the restructuring will reduce overall costs to the Department of Defense (DoD) and the National Aeronautics and Space Administration (NASA), and the requirements included in DFARS 231.205-70 are met. Restructuring costs shall not be allowed on novated contracts unless there is an audit of the restructuring proposal; a determination by the contracting officer of overall reduced costs to DoD/NASA; and an Advance Agreement setting forth a cumulative cost ceiling for restructuring projects and the period to which such costs shall be assigned.

(8) The Transferor guarantees payment of all liabilities and the performance of all obligations that the Transferee-

(i) Assumes under this Agreement; or

(ii) May undertake in the future should these Contracts be modified under their terms and conditions. The Transferor waives notice of, and consents to, any such future modifications.
(9) The Contracts shall remain in full force and effect, except as modified by this Agreement. Each party has executed this Agreement as of the day and year first above written.

ADDENDUM TO NOVATION AGREEMENT

Lockheed Martin Corporation (LMC), a corporation duly organized and existing under the laws of Maryland with its principal office at 6801 Rockledge Drive, Bethesda, Maryland 20817, on behalf of itself and its subsidiaries Lockheed Martin Integrated Systems, LLC (LMIS) and Lockheed Martin Services, LLC (LMSL) (collectively, the Transferor); Leidos Innovations Corporation (Transferee), formerly known as Abacus Innovations Corporation, a corporation duly organized and existing under the laws of Delaware with its principal office at 700 N. Frederick Avenue, Gaithersburg, MD 20879; and the United States of America (Government) entered into a Novation Agreement on December 5, 2016, with an effective date of August 16, 2016. This Addendum incorporates additional facts into that Novation Agreement, and recognizes the transfer of certain additional contracts and orders as specified below. The parties enter into this Addendum with an effective date of August 16, 2016.

(a) The parties agree to the following facts:

(1) On August 8, 2016, Lockheed Martin Integrated Systems, Inc. underwent a conversion from a corporation to a limited liability company pursuant to Section 18-214 of the Delaware Limited Liability Company Act, and changed its name to Lockheed Martin Integrated Systems, LLC (LMIS, above). Certificates of Formation and Conversion, dated August 8, 2016, have been filed with the Government. The certificates were filed and certified by the Secretary of State of Delaware on August 8, 2016, recognizing the conversion, LLC formation, and that the name of Lockheed Martin Integrated Systems, Inc. was changed to Lockheed Martin Integrated Systems, LLC on August 8, 2016.

(2) On August 11, 2016, Lockheed Martin Services, Inc. underwent a conversion from a corporation to a limited liability company pursuant to Section 18-214 of the Delaware Limited Liability Company Act, and changed its name to Lockheed Martin Services, LLC (LMSL, above). Certificates of Formation and Conversion, dated August 11, 2016, have been filed with the Government. The certificates were filed and signed by the Secretary of State of Delaware on August 11, 2016, recognizing the conversion, LLC formation, and that the name of Lockheed Martin Services, Inc. was changed to Lockheed Martin Services, LLC on August 11, 2016.

(3) For all purposes of the laws of the State of Delaware, the successor limited liability companies described in paragraphs (a)(1) and (2), above are deemed to be the same legal entities as the converting corporations and the conversions constitute a continuation of the existence of the converting corporations in the form of domestic limited liability companies.

(4) The Government, represented by various Contracting Officers, has entered into certain contracts with the Transferor, as shown in the attached list marked “Exhibit B” and incorporated into the original Novation Agreement by reference. The term “the Contracts,” as used in this Addendum, means the above contracts and purchase orders, and any task orders or delivery orders associated with the contracts identified in Exhibit
B (whether or not those orders are listed), including all modifications, made between the Government and the Transferor (whether or not performance and payment have been completed and releases executed if the Government or the Transferor has any remaining rights, duties, or obligations under these contracts and orders). Included in the term "the Contracts" are also all modifications made under the terms and conditions of such Contracts and associated orders between the Government and the Transferee, on or after the effective date of this Addendum.

(b) In consideration of these facts, the parties agree that by this Addendum—

(1) The contracts and orders listed on Exhibit B are incorporated into the Novation Agreement referenced above, and all terms and conditions of the Novation Agreement shall apply to the contracts listed on Exhibit B.

(2) Any contracts or orders listed on either Exhibits A or B to the Novation Agreement, which were awarded to Lockheed Martin Integrated Systems, Inc. are deemed to have been awarded to Lockheed Martin Integrated Systems, LLC, which shall for all purposes be treated as a continuation of the existence of the converted corporation.

(3) Any contracts or orders listed on either Exhibits A or B to the Novation Agreement, which were awarded to Lockheed Martin Services, Inc. are deemed to have been awarded to Lockheed Martin Services, LLC, which shall for all purposes be treated as a continuation of the existence of the converted corporation.

(4) The Contracts shall remain in full force and effect, except as modified by the Novation Agreement and this Addendum. Each party has executed this Addendum as of the day and year first above written.
