Imagination to Innovation

JUNIOR INNOVATORS CHALLENGE

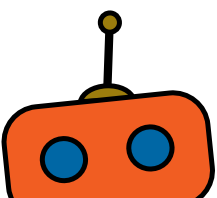

Getting to know Leidos

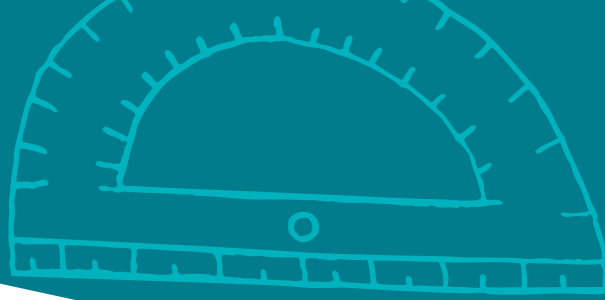

$$\Delta v = v_e \ln \left(\frac{m_i}{m_f} \right)$$

Who is Leidos?

Reston, VA is home, but our hundreds of offices in America and around the world are working to solve the world's toughest challenges using information technology, engineering and science. We have a lot of employees – almost 36,000, to be exact – and their imagination to innovation helps the government and other companies be better each and every day.

What does Leidos do?

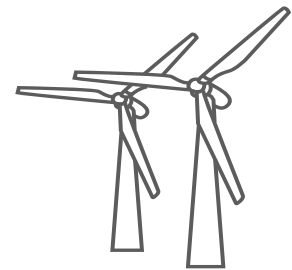

Make our world
SAFER

Make our world
HEALTHIER

Make our world
MORE EFFICIENT

Here are three examples
of important work that we do...

How would you know if
the items a truck is
transporting are safe?

Maybe a giant x-ray machine?

If only we had such a device.

Sometimes based on where you
live, you may have a hard time
finding a doctor.

We have a solution –
a Dr.'s office on wheels!

Click image to play video

How do you deliver food to
scientists researching in the
highest, driest, coldest, windiest
and emptiest place on earth?

We came up with a way to
supply Antarctica!

How we do it.

**INFORMATION
TECHNOLOGY**

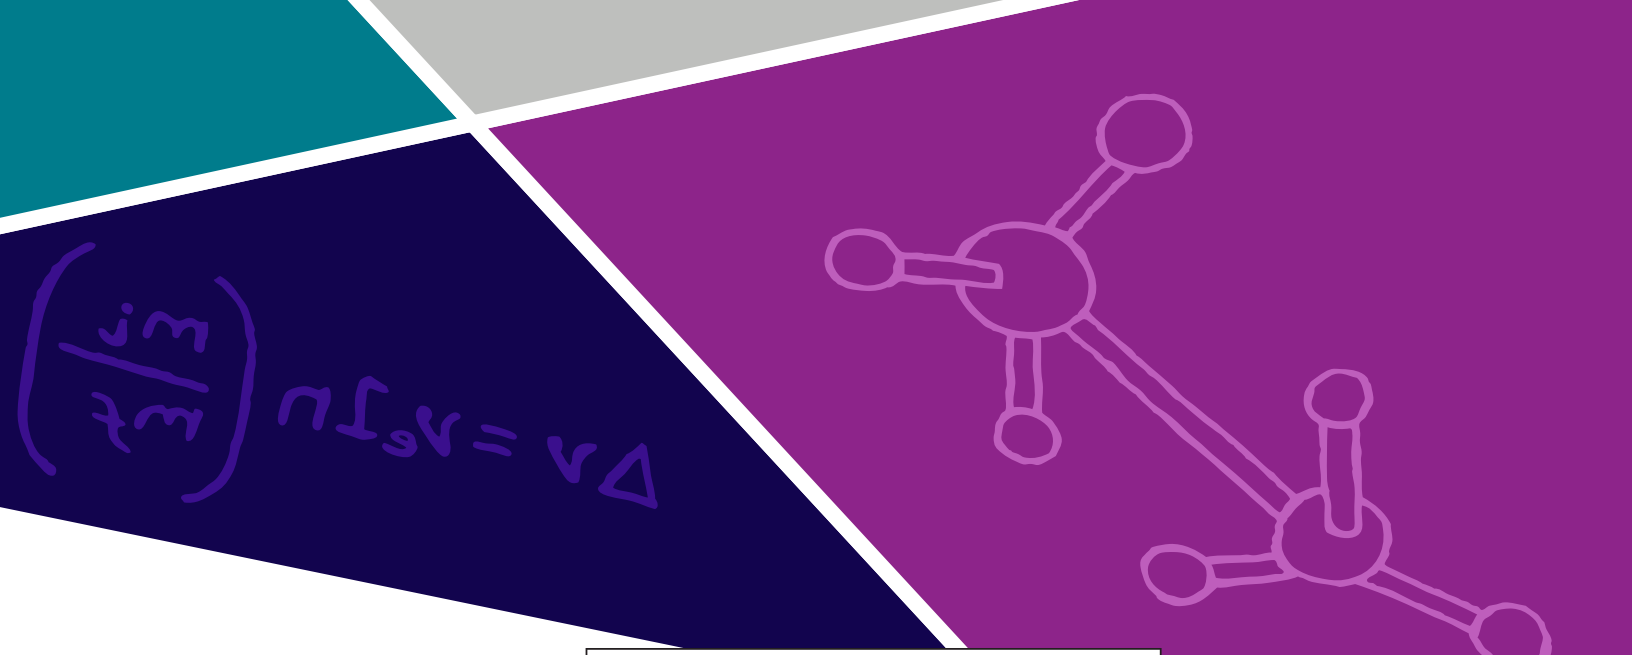

ENGINEERING

SCIENCE

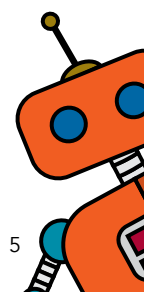

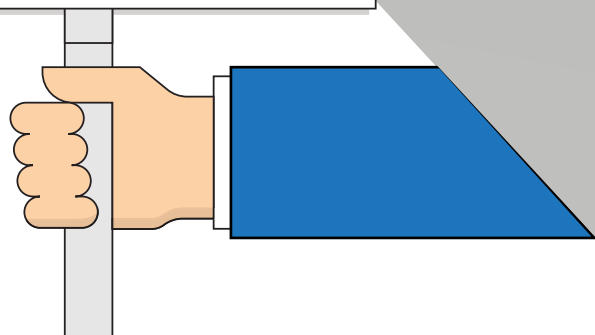

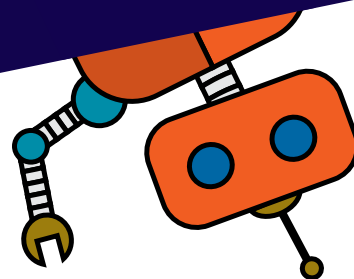

We seek to solve
the world's biggest
problems

Sometimes business,
government and
community leaders
find a problem they can not solve so
they ask their friends at Leidos to help
find solutions.

WE CAN HELP

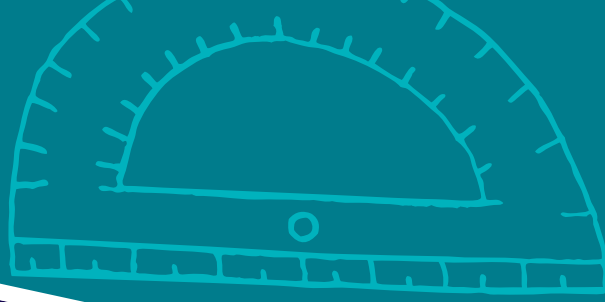

$$\Delta v = v_e \ln \left(\frac{m_i}{m_f} \right)$$

Our 36,000 employees help Leidos solve our client's most difficult problems. Hopefully through some of the materials provided you will have the opportunity to learn more about what your parent/guardian does as well as envisioning what your future job may look like.

Here are couple more videos that will tell you a little bit more about who we are...
