

$$\Delta v = v_e \ln \left(\frac{m_0}{m_f} \right)$$

Imagination to Innovation

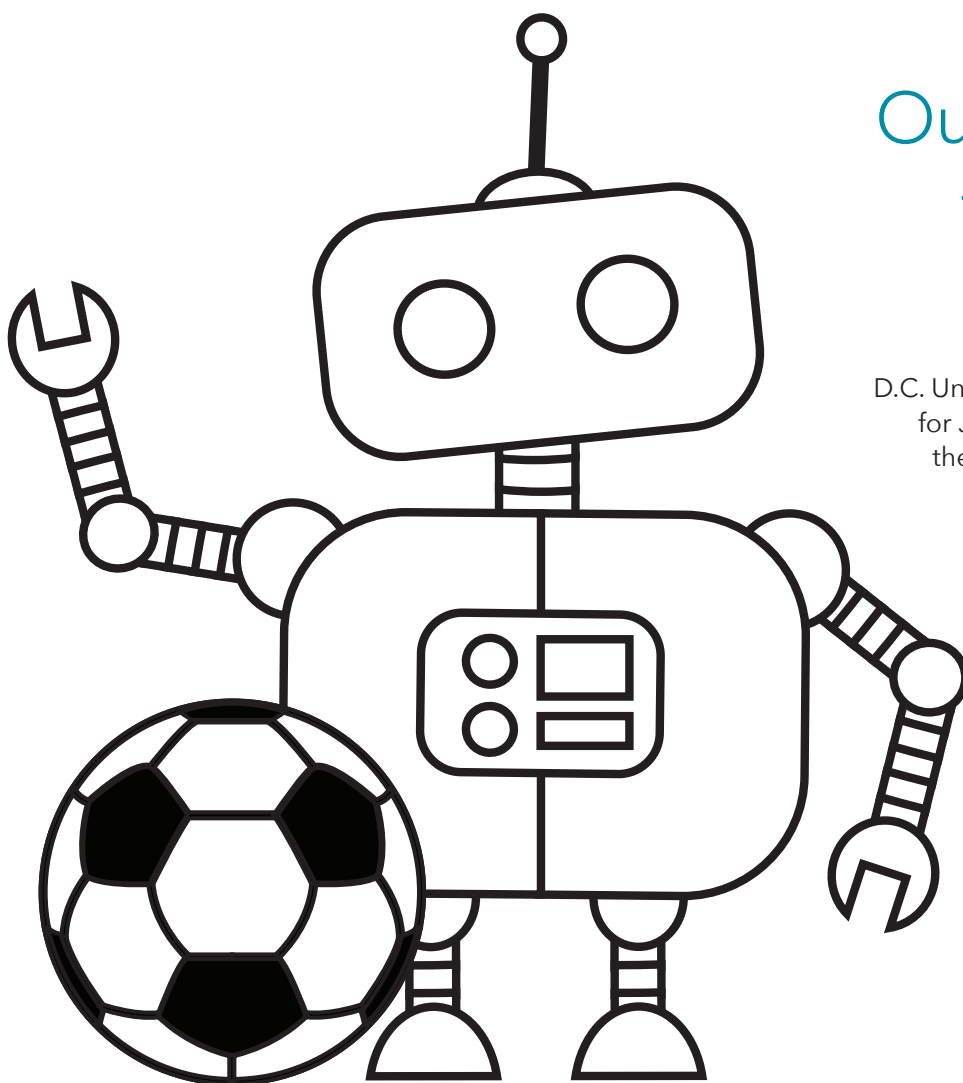

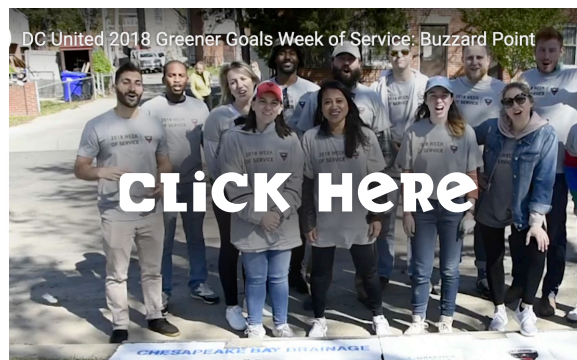

D.C. United Activity

Do you like soccer? Leidos sure does! For seven years we have worked with Major League Soccer club D.C. United on some pretty cool community efforts. Together we have worked on projects like Armed Forces week to honor our veterans and active duty service members and even helped clean a local river.

Armed Forces Week

Greener Goals Week

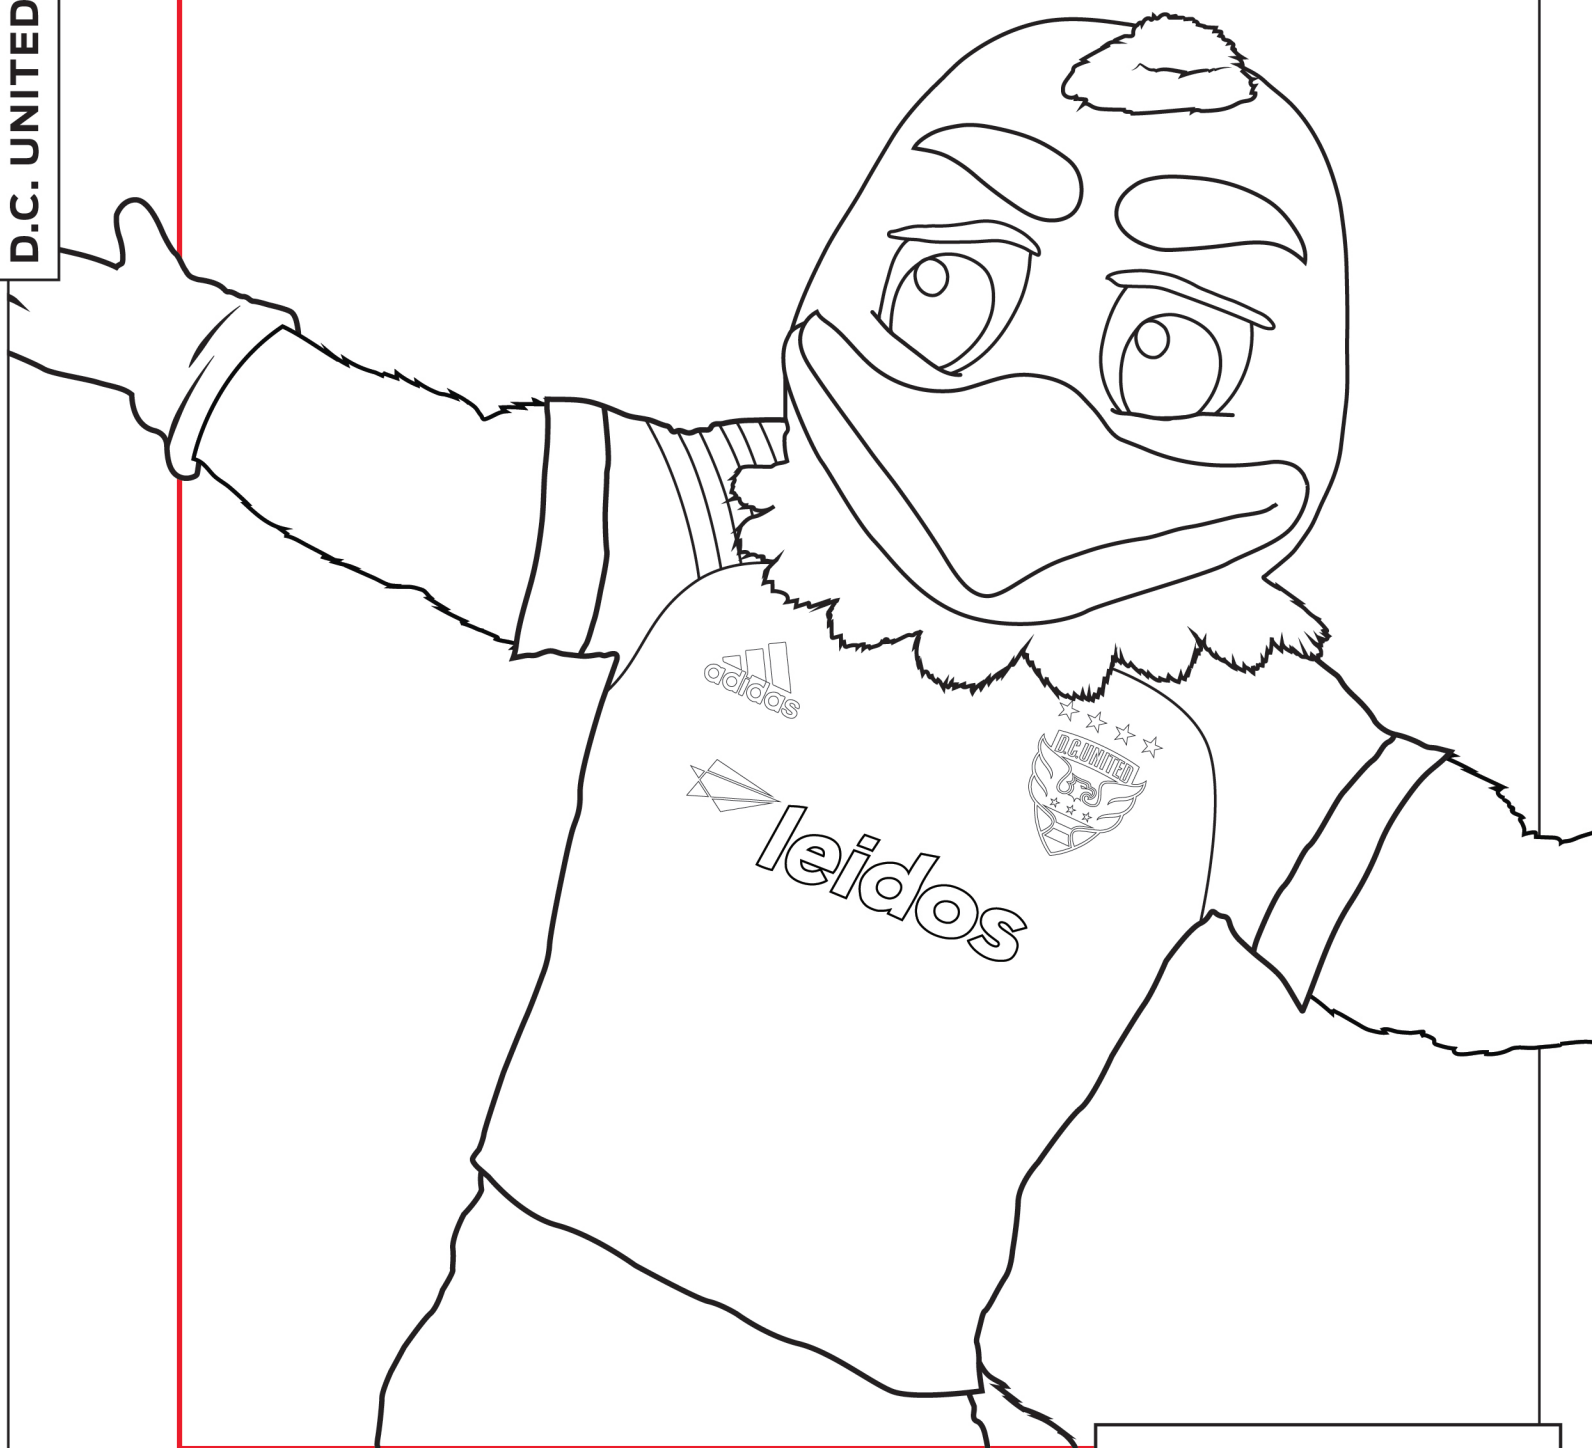

Our latest project
together is just
for you!

D.C. United created some pretty cool activities for Jr. Innovators. While you cannot submit these activities to win a weekly prize, they sure will help to challenge your mind.

Below, please find seven worksheets you can complete to help train your brain by coloring, connecting the dots, finding your way through a maze, unscrambling soccer terms and searching for words.

HAVE FUN!

VAMOS UNITED
