

Howard Hughes

DIRECTOR, STORAGE, DISTRIBUTION & FREIGHT

Howard Hughes is the Business Unit Director for Kuehne and Nagel (KN) Aerospace & Defence within the KN Contract Logistics area. Howard is the KN representative responsible for the Storage, Distribution and Freight (SD&F) portfolio for Team Leidos.

KN Aerospace and Defence as well as Leidos/MOD includes Pan European/international customers such as Airbus (EADS, Civil and Military), Leonardo, Rolls Royce, British Airways and Collins.

Prior to joining KN, Howard was in the Automotive for over 15 years servicing major blue chip customers such as Ford, Vauxhall Nissan & Toyota, prior to Logistics he was a Financial Director before becoming a Manufacturing Plant Manager running Automotive Assembly and Foam Operations.

Key successes have included successful SD&F Service Commencement and Transformation management, including building of the Defence Fulfilment Centre in Donnington, refurbishment and hand back of MOD property and re-brigading of product within the LCST project.

In Aerospace, Airbus A350, A400m and the Future Strategic Tanker Aircraft programme launches. In Automotive, transfer of the Freelander build from Solihull to Halewood and various new vehicle launches and in general, many other change and transformation and Continuous Improvement related projects including acquisitions and disposals.
