Alliant 2, A Government-Wide Acquisition Contract (GWAC)

INTRODUCTION

Alliant 2 is the General Services Administration's (GSA) premier enterprise IT GWAC. This multiple-award, indefinite-delivery, indefinite-quantity (IDIQ) vehicle provides flexible access to customized IT solutions from a large, diverse pool of industry partners.

Alliant 2 is a preferred government-wide solution, offering artificial intelligence (AI), Autonomic Computing, robotic process automation (RPA), and other types of emerging technologies. It provides best-value IT solutions to federal agencies, while supporting small businesses via subcontracting requirements for large business.

BEST IN CLASS

OMB named Alliant 2 GWAC a Best-in-Class for Information Technology Solutions.

▶ Allows acquisition experts to take advantage of pre-vetted, government-wide contract solutions

▶ Supports a government-wide migration to solutions that are mature and market proven

▶ Assists in the optimization of spend, within the government-wide category management framework

▶ Increases the transactional data available for agency level and government-wide analysis of buying behavior

OUR CAPABILITIES

▶ **CYBER OPERATIONS**
We use intelligent automation and AI/ML-driven analytics, combined with our experience in detecting and mitigating complex security breaches and threat actors, to deliver full-spectrum cyber solutions and protect and defend the nation's largest and most attacked mission-critical networks.

▶ **DIGITAL MODERNIZATION**
We develop mission-focused solutions to accelerate our customer's digital transformation objectives by delivering resilient enterprise IT solutions and managed services that leverage trusted AI and full-spectrum cyber to decrease burdens and vulnerabilities in complex IT operations.

▶ **INTEGRATED SYSTEMS**
Built on the foundations of agility, modularity, extensibility, and open standards, we deliver high-performing hardware and software systems to solve challenges in an array of specializations, including sensors and collection, virtual training, cargo inspection, electronic warfare, and autonomy.

▶ **MISSION SOFTWARE SYSTEMS**
Through disciplined processes, common tools, reusable frameworks, automation, collaboration, and domain expertise, our mission software systems are designed to deliver secure, mission quality software at Silicon Valley speed.

▶ **MISSION OPERATIONS**
Enabled by agile, flexible, and scalable processes and tools, we leverage our in-depth domain knowledge and mission understanding to provide cost-effective tools and enhanced processes that are secure, resilient and support our customer's critical missions.

ALLIANT 2 FEATURES AND BENEFITS

Features	Benefits
A $50 billion dollar program ceiling and a five-year base period with one five-year option	Allows for long-term planning of large-scale program requirements
Scope aligned with Federal Enterprise Architecture (FEA) and Department of Defense Enterprise Architecture (DODEA)	Conforms to Office of Management and Budget (OMB) policy mandates for IT investments and is consistent with the current IT definition at any given time
All contract types, e.g., fixed-price, cost-reimbursement, labor-hour and time-and-materials	Offers flexibility of contract types for optimal risk mitigation
Ancillary support permitted when it is integral to and necessary for the IT services-based outcome	Facilitates integrated IT solutions
Access to exceptionally qualified industry partners	Enables innovative solutions from experienced providers
Aggressive subcontracting goals set at 50% of subcontracted dollars	Provides subcontracting opportunities for small businesses
Pre-competed, easy-to-use contract with streamlined ordering procedures based on FAR 16.505	Saves time and money by reducing procurement lead time
Complimentary scope-compatibility reviews	Promotes contract compliance and reduces risk of adverse audits
Requires fair opportunity under FAR 16.505	Ordering supports competition among highly qualified industry partners
No protests on orders $10 million and under; except on the grounds that the order increases the scope, period of performance, or maximum value of the GWAC	Minimizes protest risk and supports timely order award for optimal mission support
