

On March 8th we celebrated International Women’s Day by asking female leaders across Leidos to [talk about what the day means to them](#) and the obstacles they’ve overcome. Kritina Holden of the Civil Group said, “I would recommend everyone find someone to encourage – daughters, granddaughters, nieces or friends. It only takes a minute.” So, following her advice, we urge you to encourage someone today. It only takes a small gesture to change the world!

Leidos has set goals to increase representation of women and ethnically diverse employees by ten percent by 2030. Are you interested in rejoining Leidos? [Check out our Careers Page today.](#)
